The National Autistic Society is the UK's leading charity for people affected by autism.

Over 500,000 people in the UK have autism. Together with their families they make up over two million people whose lives are touched by autism every single day.

Despite this, autism is still relatively unknown and misunderstood. Which means that many of these two million people get nothing like the level of help, support and understanding they need.

Together we are going to change this.

Did you know?

Many children with autism have a particular love of Thomas & Friends™ – research has shown that the bright colours and clear facial expressions make the characters easy to identify and relate to. Who better than Thomas & Friends™ to enable families to enjoy a fun day out and raise money for local activities and the NAS.
